K-12 Tuition - Free Public Charter School: Creating Community-Minded Leaders

Patriot Families,

In just a few weeks, Faith Academy Charter School will be welcoming students and parents for the first time for the 2021-2022 school year. It will be a time for celebration, excitement, and appreciation extended to everyone for creating a community school that believes that all children deserve a quality education each and every day.

It is most important that parents be actively engaged in their children's school lives. Students need continual home support and knowledge, not only to reinforce following through with assignments, but also in developing a life long love of learning. Our children need to know we are involved in their education. As parents, we can support our children at home daily as we ask, "How can I reinforce what the school is doing in my home?" This kind of involvement is crucial in supporting our children's success both in and out of school. Faith Academy welcomes our parents as partners in working together as we build a strong foundation for learning.

BE PATRIOT STRONG AND SUPPORT YOUR CHILD

Dr. Sarah Hensley, Lead Administrator
